Risk Warning: Contracts for Difference ('CFDs') and Spread Bets are complex financial products that are traded on margin. Trading CFDs and Spread Bets carries a high level of risk since leverage can work both to your advantage and disadvantage. As a result, CFDs and Spread Bets may not be suitable for all investors because you may lose all your invested capital. You should not risk more than you are prepared to lose. Before deciding to trade, you need to ensure that you understand the risks involved taking into account your investment objectives and level of experience. Past performance of CFDs and Spread Bets is not a reliable indicator of future results. Most CFDs and Spread Bets have no set maturity date. Hence, a CFD and/or Spread Bet position matures on the date you choose to close an existing open position. Seek independent advice, if necessary. Please read FxPro's full 'Risk Disclosure Statement'.

FxPro UK Limited is authorised and regulated by the Financial Conduct Authority (registration no. 509956).

FxPro UK Limited does not offer Contracts for Difference to residents of certain jurisdictions such as the United States of America and the Islamic Republic of Iran.
